*Motion by Ron Scott, seconded by Doug Goodlin to adjourn.* Meeting adjourned at 6:24 p.m.

1. **Hwy 98 Intersection Improvements-** Project funding has been secured, ALDOT will be involved, however this changes the format and process the plans are approved in. The plans will become a little more complex. Dewberry is putting together the required ALDOT Man Day Estimate for the proposed work.
2. **Bay Front Street Scape-** Project is still waiting on final easement documents.
3. **Village Point Board Walk Extension RTP-** Contractor is moving along very well. We had an unanticipated issue in that the method of construction is causing some tracking on the deck board. Our solution is to loosely place the deck board until the end of construction and then flip them over.
4. **Corte-Austin Road-** We have run into a utility relocate that is going to cost money. Gas line on the south side of the existing Austin Road needs to be relocated. This will cost approximately \$18,000. This money was set up several months ago and should not add cost to the project. However it has caused a delay in getting the contractor back working.
5. **Bay Front Park Master Plan/Pier Permitting-** Project on hold until the Street Scape Project is let and bid received.
