**Application must include: Plot plan showing approximate limits of land disturbance and a Construction Best Management Practices Plan (CBMPP) for erosion and sediment control. The CBMPP can be drawn by owner, contractors, or engineer (unless notified otherwise). Best Management Practices (BMPs) implemented pursuant to the requirements should be in accordance with the Alabama Handbook for Erosion Control, Sediment Control, and Storm Water Management on Construction Sites and Urban Areas([www.swcc.state.al.us](http://www.swcc.state.al.us)).**

"I certify, under penalty of law, this document and all attachments were prepared under my direction or supervision and that I have personally examined, and I am familiar with, the information in this document and such attachments, I believe the submitted information is true, accurate and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and civil penalty." That I fully understand the provision of the City of Daphne Erosion and Sediment Control Ordinance (NO. 2008-54). I will permanently stabilize areas that were disturbed during construction of site prior to issuance of Certificate of Occupancy. I accept responsibility for implementing the CBMPP submitted to the City. I accept responsibility for carrying out adequate erosion and sediment control measures for the project as required by the City of Daphne. I further grant the right of access onto this property as described above to the designated personnel of the City of Daphne for the purpose of inspecting and monitoring for compliance with the aforesaid ordinances.
