**Friends of the Daphne Public Library, Inc.** is a nonprofit organization of book lovers who support the library's needs for material, equipment and programs through membership dues, the book shop, book sales, and other fund-raising events. During the last few years, the Friends have provided many thousands of dollars to purchase computers and other equipment, sponsored special children's programs, supported the Jubilee Mornings program, and supplemented the library budget. Friends' volunteers work all year round in the library, the Friends' Book Shop, at the book sales, and support special programs.
