As a builder, I, the undersigned, hereby agree to protect all public improvements and public utilities adjacent to or serving the property on which the structure or structures covered in this building permit are located whether or not the said improvements or utilities are the property of the City of Daphne. I further agree to make or cause to have made repairs, satisfactory to the City of Daphne, to any damage to these public improvements or utilities resulting from the actions, misuse or lack of care on the part of any of my employees, agents, sub-contractors or suppliers of material, of said public improvements.

I, the undersigned, shall submit a plot plan showing the location of the structure, as is required, with the building permit application. I understand that under no circumstances will a building permit be issued without this plot plan. I further understand that I am required to set a line on all setback lines to assist the Building Inspections Officer with the measurements, and that this setback verification will be required prior to the footing inspection.

I, the undersigned, understand that I am required by City of Daphne Ordinance No. 2008-54, ***An Ordinance Regulating Erosion and Sediment Control for Residential Dwelling and Other Land Disturbance Within The City of Daphne***, to submit a Best Management Practices (BMPs) plan prior to commencing the land disturbing activity, and to implement and maintain such plan for the entire duration of the land disturbing activity.

I, the undersigned, will indemnify and hold harmless the City of Daphne and all related parties and voluntarily assume risk/expense of any construction and improvements to the property done contrary to this

certification and agree that the Building Official in issuance of the permit(s) applied for acts in reliance upon said certification.

I, the undersigned, hereby acknowledge that I have read this application, front & back and state the above information is true and correct and agree to comply with all City of Daphne Ordinances and State Laws regulating building construction.
